STATEMENT OF NUTRITIONAL ADEQUACY

The 4 week cycle menus for Franklin County have been analyzed using the SQL Food Processor analysis program. The analysis confirms that the menus provide a nutritionally adequate diet for incarcerated adult males. The menus, as written and analyzed, provide an average of 3000 calories per day and satisfy the Recommended Dietary Allowances for major nutrients required for adult males. Some nutrient values may vary based on the nutrient data available from manufacturers and the specific items used for analysis.
